TRADE MARK  
FARM TRACTOR

The Fordson cuts the cost of preparing land almost to half of what it cost with horses. But even more important is the fact that the Fordson saves from thirty to fifty percent of the farmer's time. And time saved—getting fields in shape to plant in the proper season; getting things done when they should be done—means money to the farmer. Besides it helps greatly in solving the labor problem.

As ever, the machine way is proving more efficient, faster, easier than the old hand way. In the factory, the machine increases production, saves labor—produces more at less cost. And that is what the Fordson does on the farm. The Fordson way is the machine way of farming. Besides it helps the labor problem.

The Fordson's first cost is low; and the after or operating cost is low. It is a compact, easily handled tractor, backed by the greatest tractor service organization in the world.

We are Fordson dealers. Not only do we sell Fordson tractors, but we carry a stock of Fordson parts and employ Fordson mechanics to help the farmers get the best results from the Fordson. Let us demonstrate the Fordson on your own farm.

No More "Appropriate" Christmas Gifts.

An "appropriate" Christmas gift is often a dismal failure, because what you select as especially suitable to a certain person is likely to be something that is associated with the recipient's business or age—things that most persons like to forget once in a while.

Make the experiment of giving gifts that your friend do not expect. For example, instead of giving your grandmother some such "help to the aged" as bed socks, a hot water bag or a cushion for the base of the spine, give her silk stockings or some stylish and becoming neckwear. Grandfather may be pleased with new cuff links or a novel. If you have a friend who likes to go to parties and who spends a good deal of time over her clothes, give her an edition of some good book or a print from one of the old masters. She probably is very tired of always receiving frills and fripperies, and so will welcome a more substantial gift.

You can follow the same principle when you give gifts to those who are not intimate friends. For example, do not give the dressmaker a sewing basket; see how a flask of delicate toilet water will please her. It is a good plan, however, to

give gifts that are identified with yourself, for that will lend personality to the act. If you can cook well, send some friends who like sweets a spicy Christmas cake attractively packed, or a boxful of homemade fudge; if you can do fancy sewing, embroider a sheer handkerchief with the initials of the person who is to receive the gift; if you live on a farm, send a pot of honey or a jar of your own preserves.

Finally, if you are going to spend a considerable sum of money on a gift, let the person who is to have the present choose it. That may spoil the surprise, but since it will assure satisfaction all round it is really a most considerate and sensible thing to do.—Ex.

Chamberlain's Cough Remedy.

Now is the time to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before the winter is over. You will look a good while before you find a better remedy for coughs, colds, croup and whooping cough or one that is more pleasant to take. It meets with favor everywhere. Buy it now and be prepared.

The 15,000 ton steamship Von Steuben, formerly the German raider Kronprinz Wilhelm, is being fitted out at an expense of \$3,000,000 as a floating exhibition hall for American products. Seven hundred exhibits will be in personal charge of agents and salesmen who will accompany the exhibits on the trip round the world. If the first cruise is as successful as the projectors hope, the exposition will be maintained permanently.

Pleasure is like the wasp; in the tail end of the thing there lurks the bitter sting.

The funds of at least nine counties in Missouri will be in the hands of women for the next four years, according to returns from the general election received by the Secretary of State at Jefferson City. While a few of the counties have not sent in their returns for certification, the lists of county officers to date show that 13 women were elected to county offices. Nine of these are Treasurers, three are Public Administrators and one is a Recorder of Deeds. The names of the women who were elected County Treasurers at the last election are Mildred Buckingham, Adair County; Laura A. Campbell, Clay County; Katherine Darns, Clark County; Alice G. Lee, Mississippi County; Fannie W. Tracy, Newton County; Edith Gleen, Nodaway County; Vivian M. Christenson, Pulaski County; Irene G. Buckley, Ray County; and Mrs. Corinne Chicken, Worth County. Ida M. Tinsley was elected Recorder of Deeds in Pike County. The woman to serve as Public Administrator as a result of the elections are: Ruth H. Brown, DeKalb County; Mrs. Alpha Blake, Worth County and Jessie M. Carter, Wright County.

Waggs: "I wish you wouldn't make such affectionate pies, Mrs. Skimpee."

Landlady: "Affectionate pies? Pray what kind's that?"

"Why, this berry pie is so thin that the crusts are actually stuck on each other."

The great defect in human nature is the lack of appreciation for the blessings of the present.

## A Dishonest Man

"I never saw a greater rascal in my life than old Smith is," remarked a farmer.

"What makes you think so?" queried a friend.

"Why he said that the first sack of oats that I sold him was too light, so I put a large iron wedge in the next sack of oats, just to please him, you know, and—"

"Did he kick against the wedge?"

"No, he would have split his foot if he had kicked against the wedge. He did worse."

"Did worse?"

"Yes; the blamed old thief kept the wedge."

The various lead companies in this district posted notices December 1st to the effect that wages would be reduced from 9 to 20 per cent effective January 1st, 1921. The per cent taken off will vary according to the employee's present scale. The man receiving the lowest wage will receive the least reduction. We understand that no man will receive less than \$3.00 per day under the new scale. While the reduction is not as pleasing as an increase, at the same time wages will be better than they were a year ago, taking into consideration the decline in the cost of living. A year ago flour was selling for more than \$8.00 per hundred pounds and at present it is selling for about \$6.00.—The Desloge Sun.

Mrs. Bullock Recommends Chamberlain's Cough Remedy.

"Last winter when my children were sick with colds and were coughing a good deal I gave them Chamberlain's Cough Remedy," writes Mrs. C. M. Bullock, Graham, N. Y. "It relieved them at once and under this treatment all symptoms of the cold gradually disappeared. My experience with this medicine warrants my recommending it to them."

**Catarhal Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.
